Format	O.9. Ranking 1. Initial ranking of participating teams shall take place after the previous year's results except in the case covered by item 3 below. 2. Enrichment will be done unless obviously changed its strength from the previous year. 3. If individual seniors championships and seniors championships in teams are organized the same weekend, the initial ranking of participating teams will be based on the results of the previous individual Swedish Seniors championships, where you summarize the placement figures for the three best placed fighters in each team. Fighters who did not participate in the individual contest get the number immediately after the last placed fighter. O.10. competition formula 1. The competition will be conducted during a day of mixed formula, that is to say. First a round of pools and then direct elimination. If the number of teams is no more than six, the competition must be determined by everyone meeting everyone in a pool. 2. The first round of pools is performed with 3 or 4 teams in each pool. 3. The 2 main teams from each pool proceed to direct elimination (in exceptional cases 3 teams may move from each pool). 4. In all pool fights, the number of wins and then the index determines victory or placement in the pool. 5. The ranking for direct elimination is based on placement in the pools and the team's basic ranking. The first placed teams are ranked on the upper half. Pool winners are ranked on the lower half after the foundation. (In case three teams qualify from each pool, three ranking groups are created) 6. When a ranking is established after the round, paired lottery to the places in the table must be completed. Lotting takes place between teams ranked 1 and 2 on places 1 and 2 in table, teams ranked 3 and 4 on places 3 and 4 in the table, etc. to all places is lottery. 7. In the draw, all team captains are called to attend. 8. It is important to avoid meeting teams from the same pool again in the first direct elimination. If the lottery has given this result, change the place between the first and fourth quarter and between the second and third quarter of the table so that the worst ranked teams change place. 9. The championship shall be conducted so that all teams qualifying for table of 16 (eighth-finals) will be able to confirm their positions. It is desirable that the organizer makes it possible for the team to reject all placements, ie. even lower than 16. 10. Team withdrawals that apply to any of the 1-4 positions will lose their position in the competition. 11. Teams withdrawing from a match that apply to position 5 or lower, count as losers 45-0 of this match and any subsequent matches, but retain the position you receive.
