Remarks

The basic fencing practical objective of this training level is the general improvement of the individual trainer technique (lesson ability). Therefore also the deliberately long periods between the individual courses, which are to serve the improvement of the own lesson patterns and the development of the lesson homework assigned in each course. The individual training courses can therefore only be carried out with an active fencer (at least A-youth rank list level) as a partner, who must either be brought along or organised in advance by the Heidenheimer SB on site via the responsible trainers of the respective weapon (costs approx. 10,- per lesson hour /LE). A mutual lesson of trainer-trainer is basically excluded, because the objective is competitive sport. The homework assignments will be checked or qualitatively evaluated at each subsequent course and the results will be included in the final grading at the examination in the 4th course.
